

Moray & Aberdeenshire Forest District

Dyce Woods Forest Design Plan

Map 7 Future habitats and species

Scale: 1:15,000 @A3

Date: July 2015

Scotland's National Forest Estate is responsibly managed to the UK Woodland Assurance Standard.

Coupes to be restocked during period of plan with species appropriate to the site conditions. ESC used to help inform the decision.

Areas with the coupes managed under LISS that have been felled and are awaiting natural regeneration. If natural regeneration does not successfully occur replanting will be undertaken with appropriate species.
