Thank you

Dear Wendy,

I write to show our support for your amazing project based in Carsphairn. We were excited and delighted to hear your ideas which will be put in place very close to our head quarters and kids in our growing group. We would especially be interested in your Outdoor Education Centre and what you could offer there.

Please keep in touch with us on your progress. We cannot wait to hear your updates to allow us to support your venture.

Best Regards

Lorna Dempsey
