Isle of Mull Bird Club

*Ardura Forest*

Dear Moray,

The Isle of Mull Bird Club is happy to support Mull and Iona Community Trust's (MICT) proposal to buy Ardura forest.

We recognise MICT's track record of developing sustainable and environmentally - focused projects. The commitment in the current proposal to ensuring and encouraging community access to all areas of the forest is in keeping with our aim of advancing "the study of birds and natural history in a social context".

We look forward in anticipation to working with MICT in the future to survey bird species in the forest and maybe to collaborating in the development of "bird-related" community activities there.

Yours sincerely,

Andrew Oldacre  
(Chairman)
