

# Glen Croe Land Management Plan

M20: Loch Long & Key Summits Management

- Felling**
- Phase 1: 2019 - 2023
  - Phase 2: 2024 - 2028
  - Phase 3: 2029 - 2033
  - Phase 4: 2034 - 2038
  - Phase 5: 2039 - 2043
  - Phase 6: 2044 - 2048
  - Phase 7: 2049 - 2053
  - CCF Irregular Shelterwood
  - CCF Uniform Shelterwood
  - Conifer LTR
  - Felled
  - Mixed Broadleaved LTR
  - Native Broadleaved LTR
  - Open Ground
- CCF: Continuous Cover Forestry  
LTR: Long Term Retention

- Legend**
- Loch Long & Key Summits Management Zone
  - LMP area outwith Management Zone
  - Planned Forest Roads
  - Existing Forest Roads

Management of the current tree cover along the path margin is problematic due to harvesting access & path closure issues. Defer felling & design future forest cover in this area to deliver low intervention, low maintenance and diverse forestry along the path margins at future restocking.

In the following rotation bring as much of this area as practicable into CCF by restocking with diverse conifers & early thinning.

Manage areas as CCF where feasible.
